## What is NAVPLG?

NAVPLG is the leading international association of directors, managers, and administrators of volunteer programs in local city and county governments. Our purpose is to strengthen volunteer programs through leadership, education, advocacy, net-working and information exchange.

## Why Join NAVPLG?

NAVPLG focuses exclusively on the unique needs of volunteer programs within the structure of local governments. Challenges and issues for volunteerism in cities and counties can differ substantially from those in private non-profit volunteer programs.

NAVPLG offers resources and expertise to local government officials. The Association promotes ways in which volunteerism can strengthen our diverse programs by sharing best practices, training, and networking opportunities. We focus on representing our members to both volunteer and government organizations.

If you are involved with volunteers in any local government setting including, but not limited to, county, city, township, borough or parish, look into what NAVPLG can do for you.
