

BOARD COMMITMENT

As a member of the NAVPLG Board of Directors, I understand my role as described in the attached service description and commit to being an effective board member by:

BOARD MEMBER REQUIREMENTS

Being personally dedicated to the work of the association and its vision for the future.

Being involved by lending my skills and expertise through committees and working together to effect positive change.

Being informed by educating myself about the mission of the association, fiduciary matters, and policies and procedures.

Being held accountable by understanding the importance of participating in all board meetings and following through on commitments and assignments.

EXPECTATION OF EACH OTHER AS BOARD MEMBERS

1. We expect members to attend and be on time for all board meetings. Please notify the president in advance if you cannot attend the board meeting.
 2. Members are expected to fulfill any commitments they make to the organization.
 3. We expect members to ask questions when they do not understand issues or topics.
 4. We expect members to read materials ahead of time.

IMPACT

Citizen participation is important to the vitality of local governments. Volunteers bring a variety of skills and life experiences to local government agencies, strengthen communities and the democratic process, and help local governments operate more cost-effectively. NAVPLG promotes the development of well-managed volunteer programs in local government and fosters effective partnerships at the national, regional, state and local level. Board of directors, committee chairs, and members form close-knit, working relationships to magnify the social return on volunteer engagement and network with local government officials to strengthen the volunteer workforce and supplement the diverse programs that nourish and fortify our communities.
